

TITCHMARSH & GOODWIN

WALNUT KNEEHOLE DESK

Proudly handmade at our workshops in Suffolk, England

A fine Chairman's desk in characterful burr walnut

Our Chairman's desk is one of the most complicated and beautiful pieces that we hand-make in our Suffolk workshops. It has a solidity, authority and luxury to suit the real connoisseur of fine furniture. We source our walnut from the UK and across the Caucasus where it is celebrated for its distinctive black markings and characterful, dense grain. The desk is veneered in burr walnut, with walnut cross-banding and boasts concealed cupboards and slides. The drawers are made from oak and chestnut and veneered in burr walnut. It takes our highly skilled cabinet makers 267 hours to make and a further 82 hours to polish to an exceptionally fine finish

Finishes

A finish is a very personal choice, one of our experienced sales team will discuss and advise on the best finish for your piece of furniture.

All finishes are hand applied to give the piece that extra high quality finish.

Contact us

At Titchmarsh and Goodwin we understand that every piece of handmade furniture is as unique as its owner. Everything from timber choice, finish, to size and setting will have an impact.

If you would like this product in a **bespoke size, colour, or finish, or would like any other bespoke alteration** then please contact us to discuss in more detail.
